

## weekly report

Name : Yizhang Yin  
ID: 06180043

Tasks I have done this week:

1. Test the first prototype base on Massey's host.  
run the test cases. results are all same as running on local computer.

time spend: 4 hours

2. According to last meeting, I changed some test case to associate with use case.

time spend: 5 hours

issues:

Because our use case are going to be modified during this week . Modification has not finished.

Test cases is required more change in the future.

3. working forward to google Map integration.

time spend: 5 hours
